

Saved Her Life.

Mrs. C. J. Woodburn, of Wortham, Texas, saved the life of her child by the use of Ayer's Cherry Pectoral. One of my children had Grippe. The case was aggravated by one physician who advised me to let it run its course. One night I was startled by the child's hard coughing and on going to it found it breathing with difficulty. Realizing that the child's alarming condition had become impossible in spite of the medicines given, I called Dr. Price, who said there was no avail. Having part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child a dose, as she improved, and anxiously waited for the grippe to pass. The child is alive and well today, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life.
